

ABOUT PTC PREMIUMS

PTC Premiums, a division of PTC International, Inc. (established in 1980), entered the premiums market over fifteen years ago as one of the first suppliers of folding chairs and stadium seats. Over the years we have expanded our product line to include CIT, Neon, EL Plate, Polyresin, Crystal and Wood Products. It has been a rewarding journey and we hope to have an opportunity to work with you soon.

We manufacture or assemble almost everything we offer, which helps keep costs down while controlling the highest level of quality and service. Also, if you are looking for something specific and cannot find it in our current product offerings, please let us know as chances are, we can help.

Additional Questions? Please see page 53 for a list of our complete Decoration/Terms.

CUSTOM

Almost everything we do is a custom item, meaning we design the perfect piece to fit your needs in either design or art. We pride ourselves on working with our customers to help develop new and unique items like our Rolling Rock/Steelers pebble leather beer cooler, custom banks, and our Mike's Hard Lemonade Bowling Pin Neon.

WHAT WE DO WELL

Our strengths are Custom Wood, Neon, Sports Balls, Stitched Goods, Polyresin, Crystal and more. We produce these items exceptionally well and believe we are the leaders in design, production and service.

SHIPPING

With the exception of our retail products, everything we quote is from our L.A. warehouse.

We are extremely skilled in the areas of logistics, warehousing and forwarding. Should you require assistance, we can help. While we do not typically cover inland freight costs, we will help you find the best rates and make arrangements at your direction.

VIRTUAL MOCK-UPS

One of our major strengths is our ability to create virtual computer mock-ups for you, almost always free of charge. This helps in the visualization of your product. Simply send us your art and/or logos, and we'll do the rest.

PREFERRED PARTNERS

We value long-term relationships and offer preferred partner benefits to repeat customers.

PAYMENT

Based on credit approval, first time customers pay 50% up front and 50% upon delivery. After that, net 30 days are generally extended.

PRE-PRODUCTION SAMPLES

Pre-production samples are available for a fee. This fee includes product cost, air charges and any additional one-off product costs.
